

17 August 2006

Global Health Partner PLC ("GHP")

Admission to AIM and Acquisition of Stakes in Stockholm Spine Nya Holding AB and Global Health Partner Swe AB

Further to the announcement by Bombshell Limited ("Bombshell") on 14 August 2006, the Directors of GHP (AIM:GHP) announce that, following the merger between GHP and Bombshell on 14 August 2006, the acquisitions of both Global Health Partner Swe AB and a 90.1 per cent. stake in Stockholm Spine Nya Holding AB ("Spine Centre") have been completed. Consequently, yesterday, trading on AIM in Bombshell was cancelled and the entire issued share capital of GHP was admitted to trading on AIM.

Spine Centre becomes the principal trading business of GHP and is based at the Löwenströmska Hospital, outside Stockholm and occupies approximately 3,000 square metres. Spine Centre has approximately 80 employees, including 7 full time surgeons, who provide elective, primarily degenerative, spine surgery and rehabilitation treatment. Spine Centre performs approximately 900 surgical operations annually in four orthopaedic areas: spinal stenosis, disc hernia/slipped discs, spinal fusion and degenerative necks. It provides a unique service by offering its patients surgery, rehabilitation, psychiatry and physiotherapy under the same medical supervision.
